Police Arrest Two Suspects in Stolen Auto

Stolen Auto Collides with police vehicle

Howard County Police arrested two juveniles this morning in the 9000 block of Jefferson Street after the stolen auto they were in collided with a police vehicle. As officers arrived the driver of a 1986 Chevy Celebrity made an abrupt u-turn before jumping out of the vehicle while it was still in motion. The car, which had just been stolen, collided head on with a Howard County Police vehicle at a low speed causing minor damage. A 16yr old male was arrested after he initially ran from officers. A K-9 search led officers to the residence of the 16yr old male driver where police arrested him. Both have been charged as juveniles with multiple offenses. No one was injured in this incident.

Officers had initially responded to Jefferson Street to investigate a report of suspicious persons when they observed the suspects and the vehicle.
